

Buy-It-Now Instructions

Buy-it-now is still new and evolving. We're all learning together. Please be patient with auction staff and one another.

- You are required to have a bidder number to participate in the auction, *including* the “Buy It Now” (BIN) period from 8:30 AM to 11:00 AM.
- BIN items have yellow price tags on them.
 - Not all items have BIN tags!
- If you decide to buy the item, write your bidder number on the back of the card above the crease.
- **Do not remove the BIN card or write on it unless/until you are certain you want to buy the item!**
- Untie the card and take it *immediately* to the cashier (at the cashier desk) or to an auction volunteer wearing a red apron. (If the item is small, you can take the item as well as its card.)
- Once you pay for a BIN item, it's yours.
- Cash (or check, or credit card) and *carry*.
 - Seriously, you really don't want to leave your stuff where it might get damaged...or sold again by accident.
 - Non-portable items (such as floor looms) cannot be picked up until after 1 pm. They will be marked with a “Sold” sticker with the buyer's bidder number on it. We will have a (very) limited number of loading passes from 1 pm onward.

Usual disclaimers apply: All items are sold as-is. We'll do our best, but the Maryland Sheep & Wool Festival, the Maryland Sheep Breeders Association, and individual auction volunteers are not liable for items held at the tent.
